Mailing Instructions for BASEF 2008 Signed Forms

Print this page, cut out the address label and tape or paste to the centre of your mailing envelope.

If you are sending in eight sheets or fewer, use standard business envelopes, but note that you may need extra postage if your envelope weighs more than 30g (ca. 5 sheets). If you are submitting more than eight pages (i.e. submitting the paperwork for more than one project), we suggest using a 9"x12" envelope, which can be mailed for \$1.10 for up to 100g (ca. 15 pages) or \$1.86 for up to 200g (ca. 30 pages). More information on current postal rates can be found at:
<http://www.canadapost.ca/personal/offerings/lettermail/can/rates-e.asp>

Remember that only the signed forms need to be mailed; you do not need to mail in your draft registration form or your printed confirmation of registration.
